

BRECON MARKET FAIRDAY SALE – SATURDAY 6TH NOVEMBER

328 Horses, Ponies and Foals

Although it is evident that the National recession is severally effecting the equine trade, we still saw an exceptional demand and trade for the top end with a first class heavy Sec D foal from Messrs H & E Powell of Llwngwillym making a staggering £1512 for a 6 month old filly foal and their run of fillies would have averaged well over £500 for foals reflecting the demand for the right types.

In general the overall trade was perhaps better than expected with nothing selling under 2 guineas and an average of £76 for filly foals and £34 for colt foals (excluding Mr Powells exceptional run).

The cost of keeping the traditional Section A mares is becoming extremely prohibitive bearing in mind the returns, however we hope the derogation sale will be open to all next year and that perhaps some of the costs can be transferred to the purchaser and encourage breeders to keep mares on the hills.

A smart Section D Colt foal from Miss S Pritchard topped this section at £220 while another from Mr G Stringer making £168.

Several good filly foals made in excess of £100 topping at £231 for a section A from Mr D Morgan of 65 HeolFach while several made between £150-200 while a Section A colt from EA Morgan made £157.

The ring was again packed with in excess of 1000 people present and there was certainly a premium for the quality types.

The Show results were as follows:

Class 1 – Sec A Colt Foal

	Lot	Vendor	Price Sold	Purchaser
1 st	139	A Loring, Hendy Gwyn	N/S
