STORE SHEEP – 2,582

A good trade on store lambs considering how the fat is under such pressure. Strongest lambs selling to £75. Small lambs which need a lot of time to finish would be hardest sold. More stores could have easily been sold on the day.

Another good show of in lamb ewes found a strong trade for quality goods. Strong older ewes carrying doubles again the best trade selling to £128. More in lamb ewes could have sold without altering the trade.

CALVES & WEANLINGS

A mixed entry of calves and weanlings found a very strong trade indeed. Continental and Native bulls selling to £380 with black & whites to £98. A mixed group of heifer calves selling to £205. A nice entry of weaned calves sold to £540. 50+ rearing calves needed each sale to meet demand. Why sell anywhere else?
