

PLANT & MACHINERY REPORT

The Beech, Little Hereford
Saturday 23rd October 2010

There was a good attendance on Saturday at the Beech, Little Hereford, with a lot of interest in the large selection of new tools that sold very well. Second hand tools and workshop equipment sold well with good quality achieving very pleasing prices.

Trailers were the star items of the day with a very strong following, top price in the trailers was achieved by a Low Loading AW trailer at £4,250, a 30ft triple deck sheep container made £2,600 and a very tidy Ifor Williams stock box making £1,850.

On the whole it was a pleasing sale and we are pleased to announce our next sale on 27th November and are looking for catalogue entries, if you want your equipment to do its best then please give us your entry early so that we can advertise it on our website which is linked to auto traders plant and farm machinery pages. We can come out and photograph the machine or we can receive photos via email.
